Chief Instructor's Comments

25X1A

5. [REDACTED] is collecting material for a Name-Tracer's Guide, which [REDACTED] wishes him to prepare. No such guide exists at present, although one was briefly available many years ago. A contribution of this kind should be a valuable addition to the CS Handbooks. [REDACTED] was an active participant in the course, and has agreed to coordinate his work with us as it develops.

6. This course was uneventful and, on the whole, quite satisfactory. [REDACTED] DC/RID Index, provided valuable insights into his specialty. The [REDACTED] students were unexpectedly interested and involved. Two of them, [REDACTED] contributed novel information from their experience with overt machine records.
